In the Classroom

From pets to potions and Bloody Britain, our topics this term are varied and interesting. With Christmas round the corner, classes are planning performances, songs and Christmas movies for our Family Friday at the end of term. The timetable for this is below. Staff are supporting pupils to think about their emotions and working to feel safe, manage relationships, be resilient, show empathy, build confidence and self-regulate.

Supporting Your School

If you would like to take part in a parent group where you can meet and chat and join in with the school events, or make suggestions or access useful information, then please contact our parent support advisor, Tracey Jackson. She can be contacted through the front office or Gina Birkett.

Attendance

Regular attendance at school is really important for pupils to develop feelings of safety and belonging. Pupils also need to have good relationships with adults and other pupils in order to be able to take risks in their learning and progress. If they have consistent attendance then they are better equipped emotionally and with the learning skills that they need to progress. Please make sure your child attends school every day unless they are ill and then please let the school office know.
