

CHERRHILL CLASS

TERM 4 - 2019 HOMEWORK

'THE ROMANS'

EQ: 'Self-Regulation'

'The ability to control emotions, behaviour and thoughts'

Definition from Education.com

<u>Task 1</u>	The Romans invented many things which have been developed over the centuries and are still used today. Use the internet to research some of these inventions and find an interesting way to present the information.
<u>Task 2</u>	Explore what Roman people and Roman soldiers wore in Ancient Rome, then design your own costume for them. You could use paint, pens or collage for this. Try to include some of the things they would carry with them.
<u>Task 3</u>	Look on the internet or in the library for Roman Myths and Legends. You could then use these ideas and what you have been learning about in class to write your own myth about a Roman God/Goddess or a Roman soldier.
<u>Task 4</u>	Play games where you have to use self-regulation: 'Jenga' 'Simon Says' 'Bop-it'
EQ task	Think about what you can do to self-regulate when you play a game. How can you control your emotions, behaviour and thoughts, especially when the game becomes tricky.
